

## CURRICULUM VITAE

### **Mr. Edward E. Graham**

Chairman, ExxonMobil Subsidiaries in Malaysia  
President, ExxonMobil Exploration and Production Malaysia Inc.

---

Mr. Edward E. Graham was appointed President of ExxonMobil Exploration and Production Malaysia Inc. and Chairman of the ExxonMobil Subsidiaries in Malaysia in June 2017.

Prior to his appointment, Mr. Graham served as Vice President and Production Manager for ExxonMobil Iraq Limited since 2013. In this role he was responsible for the company's oil and gas operations in Iraq.

Ed joined Exxon in 1989 after receiving his Bachelor of Science degree in Chemical Engineering from Rice University in Houston, Texas. He began his career with Exxon Production Research Company in Houston. He spent 10 years there performing both research and application work for upstream affiliates in the areas of process engineering, risk assessment, consequence analysis and development planning.

Ed transferred to the U.S. operating organization in 1999, where he served in facilities surveillance, projects, and operations supervisory roles in Texas, Wyoming, and Colorado. In 2006, Ed moved to ExxonMobil Canada in St. John's, Newfoundland where he served in both technical and operations manager positions. In 2010, Ed moved back to Houston to ExxonMobil Production Company headquarters, serving as global SSH&E Manager and then global Producing Operations Manager. Then in 2013 he moved to his assignment in Iraq.

Ed and his wife, Marta Fonseca, have three children ages 19, 17, and 15. His interests include reading, history, Boy Scouts, sports coaching, hiking, camping, sailing and fishing.
