Title: Malaysia's LNG Export in 2022 World LNG Report

For Immediate Release

Malaysia Retained 5th Largest Exporter of LNG in the 2022 World LNG Report

Kuala Lumpur, 7 July 2022 – The International Gas Union (IGU) on 6th July 2022.has just released its 13th annual World LNG Report 2022, the world's most comprehensive public source of information on key developments and trends in Liquefied Natural Gas (LNG) market.

The 2022 World LNG Report highlighted how LNG plays a crucial role in security, reliability, and sustainability of energy around the world, especially during the ongoing energy crisis.

The following are few highlights on Malaysia in IGU's 2022 World LNG Report;

- Asia Pacific remained the largest export region, exporting a total of 131.2 MT in 2021,
- In 2021, Malaysia retained previous year's position as the 5th largest exporter of LNG, after Australia, Qatar, United State & Russia.
- Total LNG export from Malaysia in 2021 was 24.9 Million Tonnes per annum (MTPA), slight increase from 23.9 (MTPA) in 2020. This constitutes about 6.7% of the total LNG traded globally.
- Malaysia continues to be a technology leader in Floating Liquefied Natural Gas (FLNG) production. In addition to the world's first FLNG facility to go into operation named PETRONAS Floating Liquefied Natural Gas Satu (PFLNG1) with capacity of 1.2 MTPA, PETRONAS Floating Liquefied Natural Gas Dua (PFLNG2) with capacity of 1.5MTPA came online in 2021. At the end of April 2022, there were only four operational FLNG units globally, The final investment decision (FID) for the third PETRONAS FLNG is expected to be made by end 2023.

For more information on the World LNG Report, kindly refer to the press statement issued by the International Gas Union (IGU).

About MGA:

Founded in 1986, the Malaysian Gas Association (MGA) is the nation's lead advocate for the natural gas industry, playing a prominent role in promoting engagement, discourse and dialogue with key stakeholders to develop a vibrant and sustainable gas industry, to fuel Malaysia's socio-economic growth. With more than 130 corporate members, MGA champions natural gas as a clean and efficient source of energy, to drive demand and increase industry participation.

A charter member of IGU, MGA is also its Regional Coordinator and hosted the 25th World Gas Conference (WGC) in 2012 that was attended by more than 5,000 delegates from 90 countries.
