11th - 14th February 2025

Kuala Lumpur Convention Center

GAIN EXCLUSIVE ACCESS TO A HIGH-IMPACT

NETWORKING EVENT

Uniting global leaders and industry experts in shaping the future of the gas industry

ABOUT MALAYSIAN GAS SYMPOSIUM (MYGAS 2025)

Unlock Exclusive Access to the Unparalleled Malaysian Gas Symposium

- MyGAS is the only major event in Malaysia that focuses on natural gas and brings together policymakers and industry players to discuss the future of the Malaysian gas industry and its role in the energy transition.
- Held biennially, MyGAS has received strong support from the Ministry of Economy Malaysia since its establishment in 2019.
- The 4th edition of MyGAS, themed **"Fuelling a Sustainable Gas Industry's Transition,"** is expected to attract over 250 international and local gas industry players. The recent global energy crisis has emphasised the significance of natural gas as a transitional fuel in ensuring energy security and energy transition towards Net Zero Emissions. This symposium aims to explore discussions from Global, Cross-Regional and National perspectives on a pertinent issue facing the gas industry today: **Access to Finance.**
- This is a current topic under scrutiny globally; as it is vital to the continued development and implementation of collaboration projects within the gas industry.
- In particular, developing regions like Malaysia, which rely heavily on natural gas for socioeconomic growth, face significant challenges in securing financing for gas-related projects across the entire value chain.

Exclusive Networking Experience with the IGU Global Leaders

- The IGU represents the global gas industry with more than 150 members in over 80 countries, covering over 90% of the global gas market. The working organisation of IGU covers the complete gas value chain, from the supply of natural and decarbonised gas, renewable gas and hydrogen, through their transmission and distribution, and all the way to the point of use.
- IGU encourages international trade in gas by supporting non-discriminatory policies and sound contracting principles and practices, promoting development of technologies which add to the environmental benefits of gas and further enhance safe production, transmission, distribution and utilisation of gas.
- IGU strives to be the most credible, effective, and independent organisation, serving as the spokesperson for the gas industry worldwide.
- The IGU also organises the world's leading international gas events, including the World Gas Conference (WGC), the International Gas Research Conference, and the World LNG conference series.

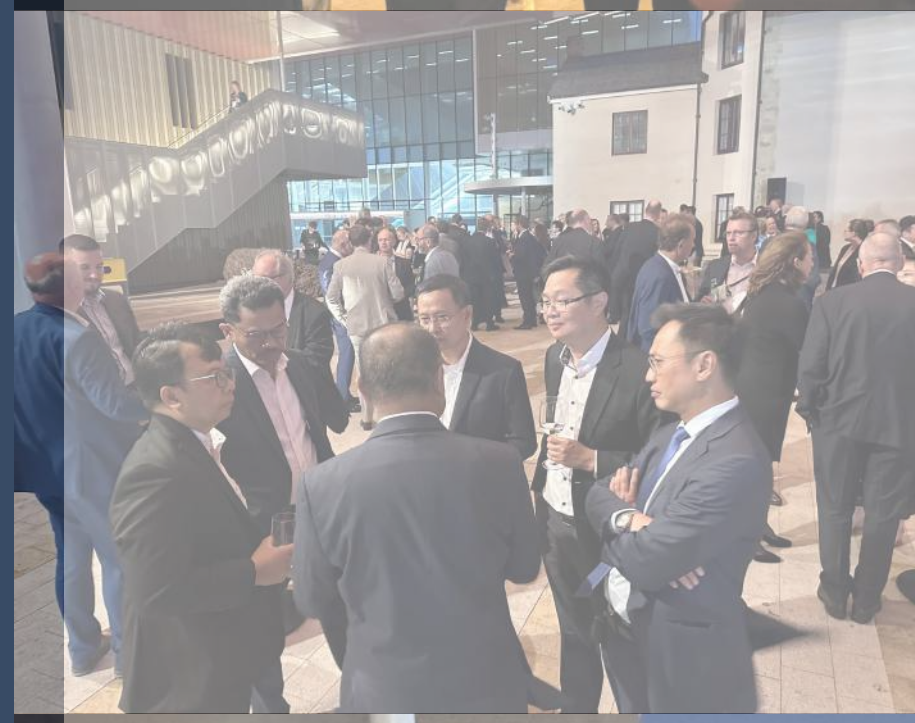
EXCLUSIVE AFFAIR

Gain Exclusive Access to a High-Impact Networking Event at:

- **Reception Cocktail**
- **IGU Gala Dinner**
- **MyGAS Networking**

EXPECTED AUDIENCE

Over 100 prominent leaders including Government Policymakers, IGU key management leaders, global experts and experienced international gas industry players



KEY BENEFITS FOR SPONSORS

FOR AN EXCEPTIONAL OPPORTUNITY TO ATTAIN GLOBAL BRAND SPOTLIGHT

Highlight Capabilities and Expertise

Present MGA member's achievements, experience and know-how to an international audience.

Expand Business Opportunities

Explore potential opportunities, new business ventures & collaborations.

Elevate Brand Recognition & Enhance Visibility

Gain prominent exposure amongst influential global audience, solidifying your position as a forward-thinking organisation.

Exclusive Interface with Global Leaders

Unique opportunity to engage directly with policymakers, industry executives and global thought leaders, fostering connections that can drive your business forward in the global energy landscape.

ELEVATE YOUR BRAND VISIBILITY

BRINGING
THE
WORLD
TO YOU
